

Religion Education (W22U13)

Course ID	Name of Course	Type	Sem	SKS	Description
W22U13	Religion Education	M	1	2	Students gain knowledge and learning experiences to increase understanding and awareness of the importance of religious values to be implemented in every student's attitudes and actions. Religious education courses are designed with a view to: 1. Strengthening students' faith and piety to God Almighty and having noble character and broadening their horizons of religious life. 2. Forming students who have noble character, think philosophically, are rational and dynamic, and have broad views, taking into account the demands to establish harmony among human beings both within one religion and with other religious people. 3. Forming students who are responsible for the survival of mankind, and religious values become guidelines for the development of science.
